

SCOTTISH ANARCHO FOLK FESTIVAL

Welcome to the
Scottish Anarcho Folk
Festival 2022 at Thistleflat.

We have a fabulous programme of local and international music and workshops to enjoy over the coming three days. As a DIY and non-commercial event, we encourage you to participate, get involved, meet some great people and have some fun.

Housekeeping

The site is owned and hosted by **Jim Wakefield**. He will sort out any practical issues for you about camping, the site, lighting fires, etc. Crew members (wearing high viz jackets) will also be able to help. They're all lovely, so come and say "Hello!" (There will usually be someone near the big fire). If there is a problem during the night, please come to the Crew Caravan. Someone there will be able to help.

There are toilets provided, but pissing in the woods is positively encouraged.

There is a small kitchen space with gas rings for cooking and there is (free) tea and coffee. Please share (food and space) and keep this area clean and tidy. This is also where food will be cooked and served on Friday evening, Saturday lunchtime, Saturday evening and Sunday lunch. We are not providing breakfast. Volunteers are needed to sign up for shifts in the kitchen. Those eating will need to bring cutlery and crockery.

We request a donation of about £3 per meal, but nobody is counting!

Music

There are two main music stages for Thursday, Friday and Saturday evening from about 7.00pm in the **Ethel MacDonald Barn** and the **Isabella Fyvie Mayo Marquee** as well as a **Forest Stage**. (Schedules on the back of this sheet). We have scheduled music in alternating venues with no overlap, and a variety of performance and styles. Please buy the artists' merch and let them know if you enjoy what they do.

Workshops

On Saturday from 11am there will be workshops at venues around the site (see the back of this sheet). Please sign up beforehand with **Snel** if you want to attend so we get an idea of interest and numbers. In most cases you can of course dip in and out too. Some workshops may not be timetabled, and may even happen on Friday afternoon (check the info boards). Please explore and go and say hello.

You can of course run your own workshop session. Let any of the crew know if you have a burning idea.

We have not timetabled anything (apart from lunch) on Sunday, but hopefully this will be a time and a chance to make more great things happen!

Have a great time, look after each other and the site, and tell us how we can make this event even better in future. If you would like to be involved now or in future, come and say so. If you want to make a financial donation to make such events possible in the future, please do so in the donation box.

2.-5. JUNE 2022
